

**Darin Rowland**

With over 20 years of experience in leadership and 6 years of experience selling into the real estate industry, I have developed a keen understanding of market dynamics, strategic development, and sales management. As a seasoned leader, I have successfully overseen the development and success of national sales teams and built relationships across the US with Real Estate professionals. This required me to be able to build consensus across multiple teams to drive initiatives forward to grow our revenue in a sustainable and predictable way.

I have served on the Board of Directors for a local youth sports league, and have volunteered at a local charity for 16 years, raising over \$30M to send children with life threatening illness to summer camp at no cost to their family.

I look forward to bringing my experience in leadership, real estate, fund raising, and consensus building to the MCU community so that we can empower more people to achieve the American dream of home ownership - while meaningfully contributing to a very underserved community of veterans.

Thank you for your consideration,

Darin
